Disciple III – Remember Who You Are

Leaders: shared by group members

The driving idea behind this study is the connection between memory and identity as the people of God. Participants in this program will understand the study of the Bible as a call to repentance, that is, to change directions and to turn life toward God's will. Study during the thirty-two weeks is divided between the prophets and Paul's letters with other scripture to establish historical context. Each week requires 2+ hours of study and a group session of two hours. (*Completion of a Disciple I class is a required prerequisite for this class.*)
